

March 23, 2020

Dear Valued MTJ Sports Customer,

Amid the current and ongoing impact of COVID-19, I want to take a moment to announce that MTJ Sports, an Illinois business, is currently impacted by the March 20, 2020 State of Illinois Executive Order that all Non-Essential business operations must cease to operate except under Minimum Basic Operations consisting exclusively with staff members working from home to comply with all social distancing orders.

The health and safety of our employees, families, associates, and valued customers are of outmost concern and top priority.

I want to assure our valued customers that we will continue to provide every possible level of service within the government guidelines and orders in place. Areas of our business currently closed are: Field Services and Shipping. We will continue to provide general Customer Service, Design, Engineering, Financing and Sales Bids/Quotes. We will maintain all communication by telephone, text messaging and emails. Contact us via sales@mtjsports.com or by phone: 800-789-1319.

MTJ Sports will continue to monitor the development of the COVID-19 situation very closely, and we are taking all appropriate measures and precautions to ensure proper action and continuity throughout our operations, and we will provide relevant updates from our end as they become available.

Stay healthy and safe,

Mats Jonmarker
President and CEO
MTJ Sports
